**協康會**  
HEEP HONG SOCIETY

**Donnie Yen**, the Hong Kong global superstar, exchanges his kung-Fu moves for the paint brush, along with his wife Cissy Wang and artist Diana Francis, for a very special elephant "Shine Bright". Inspired for the children at Heep Hong Society here in Hong Kong, as the aspiration for their future. 'Shine Bright' also supports the aspirations and the future for the Asian elephant. Together we can all paint a brighter future, and be part of it for a better tomorrow.

**Shine Bright -**
